## ABOUT ME

I am a motivated student with a passion for digital media and technology. Skilled in video editing, graphics design, web development, UX/UI design, and proficient in Microsoft Office suites, I excelled in creating captivating visual content and user-friendly online experiences. Committed to continuous learning and growth, I strive to make a positive impact in the digital landscape and provide value to whoever needs it.

## JOB EXPERIENCE

**Video Editing & Graphics Designing:** Produced professional video content and custom graphics for clients, collaborating closely to meet objectives and deadlines.

**Web Development & UX/UI Design:** Designed and developed responsive websites, conducted user research, and implemented best practices for optimal user experience and interface.

**Microsoft Office Suite Expertise:** Demonstrated proficiency in Word, Excel, PowerPoint, Outlook, and OneNote, providing training and support to improve workflow efficiency to clients in need.
